

Panda Wireless Keyfob

Model: RW132KF2

RISCO Group's new Wireless 2-Way Keyfob / Remote Control combine the most advanced technologies within a contemporary, compact and streamlined design, the ideal choice for homeowners seeking the highest security standards. The keyfob / remote control has been designed for use in family homes, apartments or small offices. This accessory is easy to configure, and is compatible with all RISCO Group's wireless intrusion systems. .

The principal function of the Keyfob / Remote Control is to provide users with a convenient way to control the security system. This accessory is easy to use with large keys and is typically used for arming and disarming as well sending a panic alarm to the system. Being bi-directional enables each command that is sent to the panel to receive a reply status from the panel and indicate the status to the user via the color LEDs. The Keyfob / Remote Control can be mounted on a chain or worn as a pendant.
